

Оборудование для перегонки сырой нефти 50 тонн

A man with a beard, wearing a yellow long-sleeved shirt, is standing in a control room. He is holding a tall, narrow glass filled with a golden liquid in his right hand, and a black smartphone in his left hand, as if recording a video. The background shows a control panel with various buttons and a straw hat hanging on the wall. A window is visible on the left side of the frame.
